Allowable Subject Matter

1. Claims 3-7, 9-10, and 12-22 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: the allowability recites at least in part: the support stud comprises a support block to increase contact surfaces for the first slide rail and the second slide rail or that the first slide rail further comprises convex surfaces for clamping the support studs to reduce an influence of impact on the removable hard disk module or that the second slide rail is directly pressed on module sidewall or that the removable module further comprises a handle at a front portion thereof for convenient installation and removal of the removable module or that a second support stud fixed on the supporting wall, wherein the first support stud and the second support stud couple to the first slide rail and the second slide rail of the removable module, whereby the removable module is installed and slides in the module fixing device, and the first support stud is smaller than the second support stud.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
